TO OUR VALUED SPONSORS,

The Association of Neurophysiology Scientists of Australia Inc (ANSA) is a national association established to ensure a high standard of training for Clinical Neurophysiology Scientists and provide a forum and opportunity for members to exchange ideas and information relating to neurophysiology.

Each year, ANSA holds a conference to provide its members the opportunity to network, discuss interesting cases and learn about changes within our field. Speakers include national and local representatives within the field of neurophysiology, along with Neurologists and other related allied health.

Preparation is underway for the 44th Annual Scientific Meeting to be held in Perth WA from Thursday 5th to Saturday 7th of September 2024.

As ANSA is a non-profit organisation, the success of the ANSA conference largely comes from the support of our neurophysiological supporters. As the conference organisers, we are asking for your support in meeting costs and sponsoring social events for this meeting.

The following package provides the sponsorship options available, along with advertising and exhibition options. All the packages are negotiable and can be tailored to suit your marketing needs.

We greatly appreciate your previous support of our endeavours and look forward to your participation in making the 2024 ANSA Conference a great success!
