

ANSA

10-11th Sept. 2026

46th Annual Scientific Meeting

FIRST ANNOUNCEMENT AND CALL FOR PRESENTERS

The Association of Neurophysiology Scientists of Australia Inc. will hold their 46th Annual Scientific Meeting in Tasmania on Thursday 10th and Friday 11th September 2026 at Wrest Point, on the bank of the River Derwent.

Scientific Focus

This year's focus will be on Clinical Neurophysiology and Neuroimmunology. We are planning to have a variety of speakers covering the multidisciplinary nature of Clinical Neurophysiology. The presentations will combine to make this a stimulating scientific meeting with an equally exciting social calendar.

Registration Information

Full details and Registration Forms will be available shortly on the [ANSA Inc. Website](#).

We look forward to welcoming you to Hobart!

Call for Abstracts

Abstracts are invited for presentations, posters, and workshops covering all aspects of clinical or allied health studies in Clinical Neurophysiology.

- Submission: To submit an abstract, please contact the Organising Committee via the email below
- Deadline: 31st July 2026
- Note: No changes to submitted abstracts will be possible after this deadline
